FHE

Jun 2014 - present

Contract Pilot and Flight Instructor

Contract pilot and managing a contract flight crew for a Private Owner of a BE-400 and Mirage 500 for a Construction Company. Flying Part 91 mostly in the SE US. I am also exercising the duties of a flight instructor.

Belgium & Dutch Railways (Tuc Rail & Nederlandse Spoorwegen)

Feb 2006 - Apr 2014

International Project Manager

Propelling global business growth and enduring strategic partnerships led to a series of contracted engagements with in the high-speed railroad (HSR) industry. Leading large-scale projects and global business development for Railroad Terminals and Airport Terminals, Managed international operations in Canada, Europe, and Asia. My functions at TUC RAIL were more drive towards the North American market.

Pacific Architects and Engineers (PAE)

May 2002 - Jan 2006

International Project Manager

PAE (a Lockheed Martin subsidiary) to function as COO of a \$25M aviation organization in an assignment for the United Nations (UN) in the Democratic Republic (DR) of the Congo. My responsibilities included overseeing all fiscal and operational aspects of airport services operations (six airports) and managing a diverse, cross-functional workforce of 500+ (195 expatriates from 19 countries and 300+ nationals) in support of UN peacekeeping operations. I directed the provision of all personnel, equipment, tools, materials, consumables, and services to perform air terminal, cargo, passenger (PAX) services, ground-handling, and airfield operation services throughout the DR Congo for the UN's largest African fleet (comprised of 90 aircraft).
