### Employment Information

#### Contract Pilot Services- MH Aviation

Contract Pilot Services for clientele in Europe, Middle East, Asia, Africa and North America on the BBJ, G550, CE525, and LR45 aircraft. Held several long-term contract positions in Asia, Africa and Europe serving in training and line pilot roles.

June 2010-Present

#### Tutor Perini Corporation-Captain: BBJ/G550

Three aircraft corporate flight department for large construction company with operations worldwide. I wrote manuals and procedures for international operations and SAFA compliance.

August 2018-June 2019

#### First Virtual Air-Captain: BBJ/CE525

Held LOA's for VVIP operation based in Western USA with BBJ and multiple other aircraft including the principal's private fleet. In addition to line flying I flew with the principal in his personal aircraft. I solved problems for the owner in relation to special requests for operation.

March 2016-August 2018

#### President- Aircraft Tank Repair

Owner and CEO of FAA Part 145 Repair Station specializing in integral fuel tank repairs. I developed and organized all FAA certification, manuals and company material. Managed a group of up to 12 traveling technicians. Oversaw hiring, training, yearly reviews, and logistics for company personnel. Our client aircraft ranged from turbo-props to wide-body airliners.

May 2006-June 2010
